

At last - a **Philips Hotel TV with Freeview** included

This summer Philips are launching a new range of Hotel LCD TVs with Integrated Digital Tuners. That means hotels can now offer their guests the full range of Freeview TV and Radio Channels together with Interactive Services, without installing an expensive headend. Of course, these TVs also have many standard hotel features like Menu Lock, Maximum Volume Control, Welcome Message and TV settings cloning, which hoteliers have come to expect.

Call us on **01784 487933** to ask about upgrading to digital TV and see the full range of Philips LCDs at www.airwave.tv
