

Upgrade to **Freeview**
with Samsung and Airwave

Samsung has launched a new range of stylish hotel mode TVs with Integrated Digital Tuners, so that hotels can offer guests the full range of Freeview TV, Radio and interactive channels without the need for expensive head-end equipment.

The Samsung range incorporates all the features that hoteliers have come to expect including Menu Lock, Maximum Volume Control and TV Cloning. They also have the ability to force a channel on power-up, which Airwave can use to implement a Dedicated Hotel TV Channel that can be used to promote hotel services, special offers or even to advertise external business or services.

Call us on **0845 555 1212** to ask about upgrading to digital TV and see the full range at www.airwave.tv
