

...and now a

Sharp Hotel TV

with **Freeview** included

Sharp have just launched a new range of LCDs bringing the complete Freeview service into every room of your hotel, without the need to install an expensive headend. All these TVs come with menu lock and volume control. As well as this, PC input is standard for the 20, 26, 32, 37 and 42 inch models, meaning that guests can also hook up their laptops, and use the big screen as a monitor for work or play.

Call us on **0845 555 1212** to ask about upgrading to digital TV and see the full range of Sharp LCDs at www.airwave.tv
