

Bowers & Wilkins

Zeppelin Wireless

Zeppelin Wireless delivers a whole new standard in wireless home audio. Hi-Fi quality drive units, advanced digital processing, and a new, incredibly rigid body are combined with amazing connection options in the form of AirPlay®, Bluetooth aptX® and Spotify Connect to ensure that Zeppelin Wireless is the best sounding, best looking, best built Wireless speaker available.

Listen and you'll see.

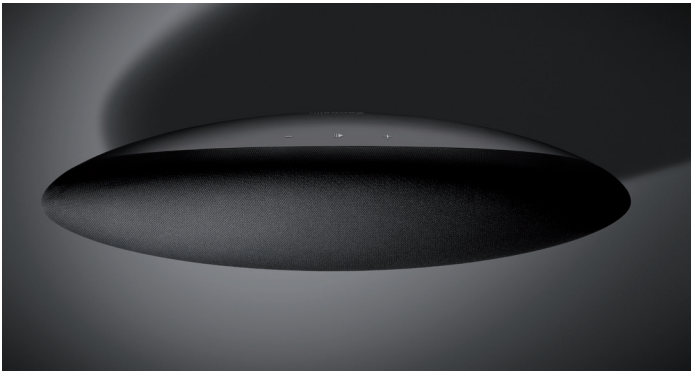

AirPlay®

Zeppelin Wireless

Acoustics

Amazing sound For a one-box solution that defies expectations of sound, Zeppelin Wireless is as good seen as it is heard. Bespoke audio technology and advanced processing ensures that Zeppelin Wireless delivers room-filling, natural sound.

Features

Wireless connectivity No matter what device you use with Zeppelin Wireless, the combination of AirPlay, Bluetooth and Spotify Connect means pristine sound is only a couple of button presses away. Easy to use, whatever you use.

New drive units Zeppelin Wireless features a unique set of driver units inspired by Bowers & Wilkins award winning range of Hi-Fi loudspeakers. These included Double Dome tweeters for pristine highs, and a long-throw subwoofer for deep, accurate bass.

Control App The latest version of Control App makes connecting Zeppelin Wireless to a network simple. As well as setup and product registration, Control App can now be used to control volume and playback functions. Control App is available for iOS, Mac and PC.
